PROFILE

UI/UX Designer with 3+ years of experience designing user-centered web and mobile products across CRM, recruitment, waste management, and e-commerce platforms. Skilled in user research, wireframing, prototyping, and usability testing using Figma, Adobe XD, and Illustrator. Proven track record of collaborating with cross-functional teams to deliver accessible, intuitive interfaces that improve engagement and usability.

PROFESSIONAL EXPERIENCE

UI UX Designer, Quadleo Tchno Solutions	03/2024 – Present
- Design intuitive, user-centered interfaces for web and mobile applications, improving usability and overall product experience. - Conduct user research, wireframing, prototyping, and usability testing to validate design decisions and reduce development rework. - Collaborate closely with developers, product managers, and stakeholders to ensure accurate, seamless UI implementation. - Focusing on accessibility, user engagement, and performance optimization in all designs.	Cyber Park, Kozhikode, India
Freelance UI/UX Designer, Independent / Contract Projects	03/2022 – 01/2024
- Delivered end-to-end UI/UX design for multiple client projects spanning CRM, recruitment, and logistics platforms. - Managed client requirements independently, translating business goals into wireframes, prototypes, and high-fidelity UI designs.	
Inventory Coordinator, Hyper Market	07/2019 – 01/2022
- Monitored stock levels and coordinated replenishment cycles, ensuring consistent inventory availability and control. - Maintained accurate transaction records and prepared inventory reports to support operational decision-making.	Hawalli, Kuwait
Graphic Designer, Enzapps Software Solutions	08/2017 – 02/2018
Created visual assets for web platforms and print media, maintaining consistent brand identity across channels.	Kinfra Techno Industrial Park, Malappuram, India
Graphic Designer, Fashion Runway International	02/2016 – 08/2017
- Produced high-quality print materials and logo designs for fashion branding and promotional campaigns. - Used Adobe Photoshop and Illustrator to create polished, brand-aligned graphics for marketing collateral.	Kozhikode, India

PROJECTS

BillerQ - Water CRM, *Water Purifier Sales & Service Management*

- Designed an Admin Web App with dashboard, billing, and service-management interfaces.
- Designed a Technician Mobile App for task assignment, service tracking, and customer updates, plus an Admin Mobile App for centralized service and technician management.

ESSAR Health Care, *Job Recruitment Platform*

- Designed an Admin Web App for managing job postings, applications, and recruitment workflows.
- Designed a Users' Mobile App delivering a seamless job search and application experience, backed by wireframes and high-fidelity UI.

RKS, *Waste Management Application*

- Designed a connected suite of four apps (Admin Web, Customer, Agent, and Driver) covering task assignment, pickup requests, field coordination, and real-time navigation.
- Focused on accessibility and workflow efficiency to improve engagement across all four user types.

iResearved, *Hotel & Event Seat Reservation App*

- Contributed to key usability and navigation improvements for a mobile hotel and event reservation app, ensuring design consistency across the product.

BillerQ, *Billing & Subscriber Management Platform*

- Designed a Customer Mobile App for subscription and payment management, a Complaints App for issue resolution, and an Agent App for account and service management.

2nd Vahan, *Used Vehicle Selling Platform*

- Led UX research, wireframing, prototyping, and usability testing across an Admin Web App, Staff and Customer mobile apps, and a public listings website.
- Partnered with developers to implement responsive, accessible UI components across the platform.

Samaro Foods, *Website Design & Development*

- Designed and developed a fully responsive brand website in Figma, HTML, CSS, and JavaScript, prioritizing visual hierarchy, brand consistency, and fast load times.

Quadleo, *Website Design & Development*

- Designed and developed the company website, aligning visual design with brand identity and usability standards.

BillerQ-Lite, *Billing and Customer Management Mobile App*

- Designed a mobile app for service-based businesses to manage recurring billing, customer records, payment tracking, and invoicing through an intuitive interface.
- Streamlined daily billing operations by simplifying navigation and consolidating core tasks into a single mobile workflow.

Misk, *Website Design & Development*

- Designed and developed a responsive website, applying consistent visual design and usability principles.
